JOSIAH TURNER, Jr., EDITOR.

[From the Freeport Weekly Journal.]

THE EVIL AND CRUELTY OF SENDING YOUNG CHILDREN TO SCHOOL.

In the Chicago *Evening Journal*, of December 28th, under the above heading, we find an able argument from the pen of Horace Knapp, M. D. It is evident, from his reasonings, that he has given "Cruelty to Children" a pretty thorough study.

After speaking of children as "human beings sent into the world by God who are to be the future men and women of our country,"—he significantly says: "The greatest wrong and cruelty to children, and which produces the most widespread evil and greatest injury to them, is in sending them to school at four or six years of age, when the confinement in a school-room and the lessons they are compelled to learn, is which they take no interest, and can see no sense, are ruinous to health and destructive to life."

He then goes on to show how children are treated in school by incompetent teachers, and how parents often sustain the teacher in his nefarious practice of scolding, bumping and thumping the little folks for every little violation of cruel and unjust school rules.

"This not only discourages and disheartens children, and make them hate schools and school-houses; * * * but through fear of detection, and dread of punishment, they are not only tempted, but compelled, by self-protection from cruelty and suffering, which is the just law of our nature and our first duty, to deceive, equivocate, and lie."

We are sorry that for the want of space we cannot give his article entire, believing it to be an unimpeachable argument. But the following is too forcible to be left out:

"Hence, instead of allowing them to run and play in the streets and in the fields, in accordance with their inclination and nature, till they are ten years old, which is necessary to the development of their bodies and for their health and lives, they are driven to school and confined in school houses, which, to them, are beasts of cruelty where the pleasures and happiness of childhood, and health, and life are sacrificed. The consequence is that, before they are old enough to take any interest in books and lessons, and and realize the importance of an education, they get a dislike of study and hatred of schools which very much lessens, if it does not destroy, their chances for an education in the future.

"But a worse consequence of sending so young children to school, and the mental burdens put upon them is, tens of thousands of children are ruined in health and often deformed for life, since too much mental labor, especially at so tender an age, is more destructive to health and life than too much physical labor, while tens of thousands more are killed. Hence, we have but few strong, healthy, talented, educated men who commenced attending school so young.

"And it is as much murder in the sight of God to thus kill children by confinement and over-brain work, as to kill them with poison; since the crime consists in the killing, not how it was done."

Statistics show that many children are too young at six years to withstand the restrictions placed upon them by keeping them quiet five and a half hours each day in ill ventilated school-rooms; since one fourth of the children die under seven years of age, and one half under seventeen years. Schools should not be turned into vast nurseries where parents may send their innocent little children in order to get them out of the way at home.

Let us permit our children to romp, play, whoop and laugh at home until they have secured well-developed bodies, and good health and strength.

Children's presence soften and calm our hearts toward our fellow-beings; then let us love, protect, and not injure the dear little creatures.

LIVE.—Take life like a man. Take it just as though it was, as it is, an earnest, vital, essential affair. Take it just as though you personally, were born to the task of performing a merry part in it—as though the world had waited for your coming. Take it as though it was a grand opportunity to do and achieve, to carry forward great and good schemes, to help and cheer a suffering, weary, and may be, a heart broken brother. The fact is, life is undervalued by a majority of mankind. It is not made half as much of as should be the case. Where is the man or woman who accomplishes one tithe of what might be done? Who cannot look back upon the opportunities lost, plans unachieved, thoughts crushed, aspirations unfulfilled, and all caused from the lack of necessary and possible effort? If we know better how to take and make the most of life, it would be far greater than it is.—Now and then a man stands aside from the crowd, labors earnestly, steadily, and confidently, and straightway becomes famous for intellect, skill, greatness of some sort.—The world wonders, admires, idolizes, and yet only illustrates what each may do if he takes hold of life with a purpose.

AN ANCIENT MUMMY.—The oldest relic of humanity extant is the skeleton of the earliest Pharaoh incased in its original burial robes, and wonderfully perfect, considering the age, which was deposited eighteen or twenty months ago in the British Museum, and is justly considered the most valuable of its archæological treasures. The lid of the coffin, which contained the royal mummy, was inscribed with the name of its occupant, Pharaoh Mykerinus, who succeeded the heir of the builder of the great pyramid, about ten centuries before the coming of Christ. Only think of it—the mummy whose crumbling bones and instalerly investigations are now exciting the wonder of numerous gazers in London, reigned in Egypt before Solomon was born, and only about eleven centuries or so after Misraim, the grandson of Noah, and the first of the Pharaohs, had been gathered to his fathers.

Crawford, Ragland, Lamond and a carpet bag nigger from Raleigh who calls himself Mr. Jones, "orated" windily Monday evening to about thirty of the faithful.—We did not hear their "few remarks," but understand that there was a little sparring match between Ragland and Crawford.—The radicals in this county are badly split and wholly dispirited. These meetings now, in a time of profound quiet, are the fitful ebullitions of dispairing spirits, who know their doom is sealed, but endeavor to persuade themselves and others to the contrary. Next August will a tale unfold.—*Henderson Index.*

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble of chimneys; this long looked for and much desired object has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, stores, &c., is unsurpassed, in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room, the wind will not blow it out.

The Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; though and of them will and every sale in every county. No family that uses this light for one evening will again be annoyed with the chimney-lamps Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation during the day and evening at the Yarborough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcle Saw Mills in workman-like manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position, gives the backward and forward motion to the carriage, with a single lever; and set the log at both ends at the same time, this is a saving of one hand in the mill. This is no humbug. I am responsible for what I say. My residence is 20 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at Lynn Adams' Store on the 2nd of the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear Sir:—I am much pleased with my double Circular Saw Mill, built by you. I can cut a line 14 inches deep, 20 feet long, in 45 seconds, with my 12 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and men board, in eight hours. Boys and girls earn nearly as much as men. That

JOSIAH TURNER, Jr., EDITOR.

MONDAY, JANUARY 31, 1870.

NEWBERN TIMES.

This scurrilous sheet should be called "Carpet-bag Times," or "Blackguard Times." It *lies* Times but "*Newbern Times.*" What decent man of Newbern ever saw such Times before! The name of the editor is *Stern*, and this may account for the coarse, inelegant, terms and phrases to be found in his paper. If his name were, *head*, or *heart*, or *foot*, even, we might look for some elegance, and elevation in his style and editorial composition, but *stern*, bah! He charges us with "maligning every Northern man and woman" in the State.

We have never mentioned Northern women or Southern either. It is the men we deal with, especially the *carpet-bag* men.—Some of the carpet bag ladies we have heard of as disgracing their lords, but we have not published them and do not desire to do so.

A respectable gentleman, of Newbern, signing himself Craven, wrote us of the departure of certain carpet-baggers from that city, and we published it.

E. Hubbs, who sells groceries to all the negroes, apologizes for the departure of P. Merwin after this manner:

"I desire to say, in justification of Mr. P. Merwin, that he sold his interest in New-Newberne, consisting of a stock of goods and accounts, to Hubbs & Bro., of this city, and provided for the payment of his debts. Mr. Merwin did not tell "Craven" he was going to leave Newbern, and did not see fit to publish it in the SENTINEL, which perhaps he ought to have done, and saved Craven the pleasant and, no doubt, to him, appropriate task of writing a contemptible article."

Bully for Hubbs! He is good at saving bacon, and this proper defence of his friend, P. Merwin, would have saved his bacon, but for that *back side* of humanity, "*stern*," who publishes right under Hubb's name the following:

STATE OF NORTH CAROLINA.

CRAVEN COUNTY, N. C.

It appearing to the satisfaction of the Court that the defendant, Phineas Merwin, being a resident of this State, has left the same with intent to avoid the services of a summons, and cannot, after due diligence, be found within the said State. It is ordered that service of the summons be reby appended be made by publication in the *Newbern Daily Times*, a newspaper published in the city of Newbern, in North Carolina, once a week *for* six weeks.

GEO. C. RIXFORD, J. P.

January 24th, 1870.

G. W. Gaul and Christian Ax, against Phineas Merwin,	Justice's Court. Summons.

STATE OF NORTH CAROLINA.

To any Constable or other lawful officer of Craven County, Greeting:

We command you to summons Phineas Merwin to appear before Geo. C. Rixford, Esq., one of the Justices of the Peace for the County of Craven, within twenty days after the service of this summons, to-wit, on the 28th day of February, A. D. 1870, at his office in said County, to answer G. W. Gaul and Christian Ax, in a civil action for the recovery of one hundred and sixty three dollars and eighty cents, and have you then and there this precept, with the doings thereon of its service.

Herein fail not.

Witness, our said Justice this, the 24th day of January, A. D. 1870.

GEO. C. RIXFORD, J. P.

Hubbs says he is a "carpet-bagger," that he "came to North Carolina with a carpet-bag, containing 52 cartridges in 1862, in company with Gen. Burnside, fought under him, won my shoulderstraps in the cause of humanity and the Union." Hubbs' is a good place for Newbernians to buy their bacon and groceries, if they should ever run away, Hubbs will deny it for them.

We hope P. Merwin will be able to pay all his debts and yet prosper in trade, but judging from what we see in the *Times*, E. Hubbs will be the only man paid.—Hubbs concludes by begging the back side of humanity "to excuse him for occupying so much of his valuable paper, but justice to an absent friend demands that I (he) should speak in his behalf."

We have a second letter from Craven, saying, to such Northern men as G. W. Claypool, we give the right hand of fellowship and open our doors, but not to such as E. Hubbs. He asks E. Hubbs how many pianos he captured? We regard such questions by Craven as an "invasion of the social circle," and positively refuse to publish the second letter. What boots it to Craven how many pianos a "loyal man" captured? Edward Stanly, Military Governor of North Carolina, before the war closed, reported to Senator Sumner, that "one Regiment of Burnside's, with whom Hubbs says he came in, conveyed North more than $40,000 worth of property.—'They literally robbed the cradle and the grave.' Family vaults were broken open for robbery." Stanly further says, "Libraries, pianos, carpets mirrors, family portraits, everything, in short, that could be removed, was stolen by men abusing slaveholders, and preaching liberty, justice and civilization." But what does E. Hubbs care for this, while he was winning his "shoulder straps" and shooting off his hundred and fifty-two cartridges, (for he is not so good a soldier as Fallstaff, if his *Regiment* bullets have not increased by so many tollings, to one hundred and fifty-two.) But Gov. Stanly says, "take another example of abolition brutality to prisoners! (The Governor is speaking of Burnside's men.)—One party, on a military expedition, had taken several prisoners. On returning to Newbern they came through Pamlico Sound, they tied the hands of one prisoner behind him, and threw him overboard in its deep dark waters." Does E. Hubbs sell the drowned man's widow and children bacon and groceries? Does his grown sons vote for Heaton and Sweet, whom Judge Tourgee speaks of as sitting behind the Speaker's desk with him to prepare a constitutional clause which every honest man will denounce as a swindle and fraud? Alas, for the Newbern *Times*! Alas, for E. Hubbs, the grocer, and his (two hundred and) fifty two cartridges.

WHAT HAVE THEY DONE? WHAT ARE THEY DOING?

At the last session of the Legislature $26,000,000 were appropriated to build Railroads. Millions of State bonds were issued for this purpose; most of which are in the hands of unprincipled men, who have been engaged, under the Governor's silence, in plundering and swindling the State.

New York papers report that some of the bonds have been gambled away in that city. That is what they have done.

Now, the Legislature is engaged in repealing and undoing the work of the last session; all except the stealing. Littlefield, the swindler, Governor Holden's friend, State printer, and binder, and President of the W. N. C. Railroad, is said to have sold State bonds and used the money to buy up the negro Legislature of Florida.

He is known to have had the North Carolina Railroad on the block, for more than two years. He is charged to have opposed the lease, that he might have the Road sold. He was employed by Dr. Hawkins to lobby a bill through the Legislature, taxing the people $2,000,000 for the Chatham Road. He, Littlefield, said the Dr. paid him $100,000 for it. The Dr. admits on oath, that he let Littlefield have bonds to the amount of $100,000, at a less price than they were worth in New York. Last session the Dr and Littlefield were said to be at work together, for the sale of the Road, but the bill for the sale failed. After this the Dr. in a secret manner leased the Road for the Raleigh and Gaston Road, leaving Littlefield out in the cold. The Governor favored the lease, he removed Genl. Ladin (the swindling absconder,) as State proxy, who was opposed to it, and appointed Mr. Badger in his place, who favored it. Littlefield is said to have written the Governor against the lease, the Governor is known to have changed his opinion on the lease; we believe the Governor is to day with Littlefield and Dr. Hawkins for a sale of the Road. We believe that every member of the Legislature, who fraudulently bought 8,000 acres of land from Dr. Hawkins and his company for a penitentiary, will be with the Doctor in the sale of the North Carolina Railroad.

We are pained to say this much; we never should have said it, but for this second attempt of Littlefield and the Ring, after robbing the treasury and ruining the credit of the State, to rob it of its Railroad property.

The sale of the Road will be a swindle, and the last which Littlefield and the Ring can accomplish. When this sale is accomplished, the ruin of the State is complete. Littlefield may then sit down and weep, for there is nothing more to conquer.

The Legislature of North Carolina.

SENATE.

SATURDAY, Jan. 29th 1870.

The Senate was called to order at 10 o'clock.

A communication was read from the Code Commission relating to a resolution of inquiry from the Senate.

Mr. Love said I desire to make a single remarks on this very remarkable report. These high functionaries have totally disregarded the request of the Senate of North Carolina. They were requested to report 'each for himself, *in a separate report*," and in utter disregard of this requirement, send to this body a *joint report*.

Then, Sir, in the first paragraph in said report, there is a silly play attempted, upon the word "respectfully" which it is apparent, is distorted, wrenched from its proper place and connection and done in order to divide the Senate. Further it is a puerile attempt on the part of these gentleman, to ridicule the action of the Senate, which is too weak to provoke a smile, and richly deserves the contempt of this body. They were not asked to 'respectfully *report*" but "respectfully asked to report."

The last paragraph says they "have been engaged *without intermission or delay* from the time of their appointment until the present." Now, Sir, how this can be true, is beyond my comprehension, for it is well known to us, that one of these Commissioners, has been for months at a time, on the Supreme Court Bench, and another riding one of the Judicial Districts.

President—Does the Senator make any motion as to the disposition of the communication?

Mr. Love—None; I leave it in the hands of the Senate.

No motion was made to receive the report.

RESOLUTIONS AND BILLS.

By Mr. Moore, of Chowan: A bill in relation to Clerks of the Superior Courts, Justices of the Peace, Sheriffs and Constables. Referred.

By the same: A bill providing for costs in civil actions in Justices Courts. Referred.

By the same: A bill providing for the amercement of Sheriffs and Constables in Justices Courts. Referred.

The bill consolidating the Atlantic and N. C. R. R. and North Carolina R. R., was made the special order for Tuesday at 11 o'clock.

By Mr. Malone: A resolution that the Chairman of the Committee of the Whole, be required to notify G. W. Swepson and M. S Littlefield to appear before the Committee for the purpose of testifying as witnesses, and that they be advised by telegraph, and that the Chairman inform the House at the earliest moment of the whereabouts of said witnesses, and their reasons for not attending, (in case of failure to attend.) Placed on calendar.

By Mr. Vest: A bill to amend the corporation acts of Winston. Lies over.

By Mr. French: A bill to incorporate the Wilmington Building Association. Referred.

By Mr. Moore, of Chowan: A bill to amend sec. 254, title 19, chap. 6, Code of Civil Procedure. Referred.

By the same: A bill to amend sections 149, 266 and 274 Code of Civil Procedure. Referred.

By Mr. Ellis: A substitute for the bill incorporating the Newton Female Academy.

On motion the rules were suspended, the substitute adopted and the bill passed its several readings.

On motion of Mr. Malone, the rules were suspended, and his resolution summoning G. W. Swepson and M. S. Littlefield, was taken up.

Mr. French was in favor of some such resolution, but thought they should be made stronger and more effective than this.

Mr. Moore, of Chowan, thought the matter had better be postponed until some disposition had been made of the half dozen bills and resolutions in regard to the same matter, now pending in this General Assembly, &c.

Mr. Malone advocated the adoption of his resolution in remarks of some length. He thought if these men refused to come when summoned and continued their absence, measures should be taken by this Legislature to bring them here in chains like criminals, and if found guilty, consigned to the Penitentiary for the balance of their natural lives, &c.

Mr. Sinclair wanted to know what was to become of the Committee consisting of Messrs. Bragg, Phillips and others, if this Committee of the Whole was to be continued. He thought as this was private bill day, the matter had better be postponed until Monday, &.

Mr. Justice thought the resolution should be at once adopted.

Mr. Moore of Chowan was as much as any other man in favor of the gentlemen having any witness before them that they wished, but he thought the introduction of these innumerable resolutions looking to the same end, was intended by gentlemen of the other side to make party capital. He thought the matter had better be postponed until the return of Mr. Pou, the Chairman of the Committee of the Whole, and until after the consideration of the bill introduced by the gentleman from Tyrell (Mr. Jarvis) repealing certain sections and chapters of the Public Laws authorizing the collection of special taxes.

After some further remarks Mr. Moore moved to postpone until after the consideration of Mr. Jarvis's bill.

Mr. Ingram opposed postponement and favored the resolution.

Harris of Wake, col., favored postponement and opposed the resolution.

Mr. French believed that investigation should be pursued by a smaller and more effective Committee than the Committee of the Whole. He stated before the recess that that Committee had the off set of a committee, that the stable door was yet unlocked, and during the recess while these investigations were supposed to be going on and while special tax bonds were worth only 24cts., in New York, $2,500,000,00 of those bonds have been issued from the Treasury of the State.

He was in favor of immediate investigation, and propose to move to amend the motion of the gentleman from Chowan so as to make the matter the special order for next Monday morning at 10 o'clock. He should favor a discussion to-day but that every member is pledged to give this day (Saturday) to a consideration of Private Bills. He moved to amend so as to make it the special order for Monday next at 10 o'clock.

Mr. Durham said that the conduct of Messrs. Littlefield and Swepson, was to the mind of every honest man in the State *prima facie* evidence of fraud and rascality.

When this question of investigation was first discussed, Republicans on this floor declared that the Republican party could not afford to allow Democrats lead in this matter of investigation. Did not the gentleman from Robeson (Sinclair) make this declaration about four weeks ago? Has the conduct of these gentlemen shown that they were really in favor of investigation? Have they not thrown obstacles in the way of every proposition looking towards an investigation? Here they are fighting with all sorts of tactics a mere resolution requiring the Chairman of the Committee of the Whole to summons certain important witnesses &c.

Mr. French called the previous question on his motion. The call was refused and his motion to make special order for Monday was voted down by a vote of yeas 7 nays 76.

The question recurring upon the original motion of Mr Moore to postpone until after the consideration of Mr. Jarvis' bill, it was voted yeas 1 (Sinclair) nays 83.

Mr. Malone called the previous question on his resolution. The call was sustained and the resolution adopted.

By Mr. Robinson: A resolution to pay Mr. E. Bonner for 18 days service as clerk in engrossing and preparing the Calendar, &c.

On motion of Mr. Moore, of Chowan, the rules were suspended, and the bill to incorporate the Society for the relief of the Preachers of the Virginia Conference of the M. E. Church South, their widows and children, was taken up.

The call being sustained the bill passed its third reading by a vote of yeas 57, nays 15.

On motion of Mr. Smith, of Alleghany, the rules were suspended, and the bill in relation to the taking and shooting of trout in counties west of the Blue Ridge, was taken up, amended and passed its third reading.

SUPREME COURT.

Friday, Jan. 28.—Court assembled at 10 A. M. Cases from the 9th (Logan's) District was called.

Doe ex dem Linker vs. Benson, from Cabarrus. Argued by Hon. J. H. Wilson, and W. J. Montgomery, Esq. for Plaintiff; Gen. Rufus Barringer, *for* Defendant.

Finger vs. Finger, from Lincoln. Argued by Hon. Thos. Bragg, for Plaintiff; Hon. A. S. Merrimon, for Defendant. [This case of the *fingers* was well *handled* by the learned counsel on both sides, but, their Honors must each have a *finger* in the matter before it is decided.]

State *ex rel* Fisher vs. Ritchey, from Cabarrus. Argued by Hon. J. H. Wilson, for Plaintiff; Gen. Rufus Barringer and J. M. McCorkle, Esq., *for* Defendant.

This was an interesting case, involving the general question, whether private individuals are now responsible for acts done by them during the war, in obedience to the Confederate authority. Gen. Rufus Barringer, of counsel for the defendants, contended with great force and earnestness that such persons were exonerated from all liability, and that innocent persons who acted under compulsion of the Confederate Laws, ought to be protected by the Courts, both State and Federal.

This argument, though brief, was able, convincing and eloquent. The arguments of the other counsel were strong and forcible.

Next week cases from the 10th and 11th Districts will be called.

Court adjourned till to-morrow, at 10, A. M.

CITY AND STATE ITEMS.

MONDAY, JANUARY 31, 1870.

☞ I REID. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NEW ADS.—Large Tobacco Factory, store and dwelling, for sale or rent, in Granville county.

City property, in East Ward, for sale, a fine chance for investment.

Trustee's sale of stoves, tin-ware, &c., on Tuesday, Feb. 22d inst.

ARRIVED.—Prof. S. Adams Lee arrived in the city on Saturday evening and is stopping at the Yarborough House. Remember his Lecture at Tucker Hall, to-night.

GOT HIM.—It is seriously rumored, and there is no doubt of the truth of the rumor, that the Grand Jury of Wake, at the recent session of the Superior Court, found a true bill against our Post Master and County Commissioner, Calvin J. Rogers, for getting too much mileage, as Commissioner.—One at a time—one at a time—find them out and catch them—one at a time!

HOTEL CHANGE.—Maj. Blair has sold out his furniture &c., in the new Blair House, to Mr. Rutjes, who took charge of the same on Saturday. Blair returns to the Yarborough, for the present, but we understand some other changes are in contemplation, which will develope before long.

HEADQUARTERS.—The headquarters of Messrs. Martin and Finch, General Agents of the Widows and Orphans Insurance Company, has been removed from Edenton to Raleigh. They have taken an office in the same building with the Southern Express Company, near the head of Fayetteville Street, where they will be glad to see those having business with the Company.

BORDERY.—Mr. White, in Western Ward, had his smoke house robbed a few nights since, and a quantity of meat and a bag of flour taken.

On Friday night, Mr. Woodall's house, in Eastern Ward, had his dwelling entered and a quantity of clothing and money taken from a room adjoining the one in which he was sleeping.

Look out, the rogues have not been caught.

HOOK AND LADDER COMPANY, No. 1.—The regular monthly meeting of the Hook and Ladder Company, will be held on Tuesday evening, Feb. 1st 1870, at the Court House, at 7½ o'clock P. M. Every member is requested to be present.

FOR CONGRESS.—We learn that the Radical "coming men," for Congress in this district are editor Pike and "Hon." James Harris. Their respective friends are urging their respective claims with great vim and ardor, so much so that, on Saturday evening, there came very near being a little "throat slitting" between two of them.

"Now, children, you should never let
Such angry passions rise;
Your little hands were never made
To tear each other's eyes."

Neither Parriss nor Jim Jones would behave so, surely.

The pictures of school houses, in the report of the Superintendent of Public Instruction, didn't cost the State a red cent! "How's that," Messrs. croakers and sensation blowers! The cuts were loaned to the printer by a gentleman, who, though a non-resident of the State, has a care for our comfort.—*Standard, 29th.*

On page 121, Auditor's Report, under the head of "disbursements," is the following item:

"W. H. Soper, for 1,000 copies lithographic plans for public school houses, *and electrotypes of cuts of plans &c., for same*, $71.25."

There's a lie out, somewhere!

PROF. MCWATT, Lecturer and operator on boot and shoeology, has removed his office and lecture room, *alias*, shoe shop, to the room over Messrs. W. B. Hutchings & Co's., Harness establishment, where he is prepared to take measures and put up shoes, boots, gaiters &c., in quality and workmanship unsurpassed in this region.—Let those who may doubt this give him a call and they will be convinced; those who do not doubt it will, of course, call any how.

NOTICE OF APPLICATION.

Notice is hereby given that application will be made to the Legislature now in session, for an Act to incorporate the People's Building and Loan Association, of the City of Raleigh.

January 1870.

NORFOLK, VA., Jan. 7, 1870.

Editor Sentinel, Raleigh, N. C.:

DEAR SIR:—Please allow us to state that the freight on Shell Lime has been reduced over half of former rates, on the S. & R., R. & G., W. & W. and N. C. Railroads. This arrangement to last until 15th of March, and to urge upon your people the real value of this Renovator of the soil, and the importance of sending us their cash orders now, that they may realize the advantages of this liberal reduction in freights.

UNCLE CUFFY.

Kildee Lassiter's colleague, uncle Cuffy, since his acquittal by a jury of his country, of stealing a pistol, does not seem to be as much concerned about his social standing as the old King of the kildees himself. We never heard of Cuffy's complaining to a minister of his Church, that his own Church people would not speak or to give him their hand!

Men and brethren, this is wrong. There is no christain rule, or rule of the Church, which forbids a man getting a high price for poor land, or purchasing 8,000 acres for a penitentiary, or voting to sell the North Carolina Railroad to the Ring men, of whom the State bought the 8,000 acres.

Brethren, "let us love one another" without regard to race of color or previous condition, or high price for poor land.

RUNNING TWO SAWS.

In the record of the yeas and nays, in the House of Commons, we have frequently noticed the absence of the member from Davidson, Mr. George Kinney. His seat was empty for three or four days at the commencement of the present session, and has also been empty since Saturday, 22nd inst. We thought this a little strange, seeing he had not, from the reports either in the Sentinel or Standard, asked and obtained leave of absence.

We have just learned that Kinney is busy on a job at the Clegg Coppermine, near Haywood, in Chatham county, thus running two saws at the same time—drawing seven dollars a day as a legislator, and his wages at the coppermine, as mill wright, also.

The question is, whether mill wrights and legislators are both so scarce in his country that one man has to fill both positions? Also, whether the State is so flush of funds, as to pay a man for making laws at the same time he is drawing pay for making mills?

JOHNSTON COUNTY.

Some of the fruits of the passage of the military bill—the idea that it gives rogues and rascals license to ply their vocation without the fear of punishment—are beginning to manifest themselves in Johnston county, as will soon be the case in many other counties.

Indeed, from what we understand, things have approached a crisis in Johnston.—Stealing horses is the rage, and any attempt on the part of the Sheriff to arrest the thieves, subjects him to arrest and imprisonment for contempt of Court, or something of the sort. Here is a case in point, reported to us on Saturday.

A man rode a horse into Smithfield; another man seeing the horse, recognized it as one recently stolen from him. He got the Sheriff's assistance and seized the horse. The man who rode him in said he bought him of Yelverton, (the father of the Yelverton connected with the Snead case;) Yelverton was asked where he got him, and could give no satisfactory answer, and was arrested. Failing to give bail he was put in prison to await examination. J. D. Massey, a Justice of the Peace, went to the jail had a talk with Yelverton, and told him *he* would conduct the examination. In the meantime the Sheriff got the witnesses together and took Yelverton before Nobles and Long, two other Justices. Whereupon Massey issued a summons and appointed a *Deputy Coroner!* to serve it on the Sheriff, ordering him to appear before the said Massey in twenty-four hours to answer for contempt in not bringing Yelverton before him for examination.

The Sheriff came to Raleigh to seek redress, and we are glad to hear that both the Governor and Attorney General gave him assurance of support in the execution of the law, telling him to resist this unheard of movement of Massey, and to sue both him and his Deputy Coroner for damage.

This fellow Massey has had Sheriff Hill arrested several times for discharging his duty. He is a near relative of the parties now in jail for horse stealing in Johnston, and seems really determined to screen all of that class of gentry.

A Favorable Notoriety.—The good reputation and extended use of "*Brown's Bronchial Troches*" for Coughs, Colds and Throat Diseases has caused the Troches to be extensively imitated. Obtain only the genuine "Brown's Bronchial Troches" and do not be influenced by those who make more profit by selling worthless imitations.
jan 30-eod1w

The People's New Discovery.—The public have discovered that there is one preparation, and only one, by which gray hair can be reinvested with the tinge that nature bestowed upon it without staining the skin. They are that PHALON'S VITALIA, OR SALVATION FOR THE HAIR, is transparent, and produces richer brown and black than any of the offensive dyes. Sold by all druggists.
jan 30-eod1w

The Infirmities of Age.

Decrepitude is the natural accompaniment of old age, but it may be ameliorated, and the period of entire helplessness long postponed by the judicious use of a healthful stimulant.—Physicians, fully aware of this fact usually recommend moderate stimulation when the strength and vigor of mat rity have b n suspended by the feebleness and prostration which are the inevitable results of declining years. Port wine, gin, brandy, and other liquors are often prescribed by medical men for aged persons, but the impulse which fermented and distilled liquors give to the circulation, and the energy they seem to impart, is transitory, unless the alcoholic principle is modified and qualified by the presence of medicinal tonics and invigorants. Of all the combinations of diffusive stimuli with the juices of herbs, roots and barks that have ever been administered to the aged and infirm, with the view of sustaining their waning strength, cheering their droopi g spirits and relieving the aches and pains to which they are subjected, none has been found so efficacious, so agreeable and so permanent in its effects as Hostetter's Stomach Bitters. The difference between the effect of the Bitters a d that of a mere excitant however pure, is the same as between t e effect of a sudden and momentary application of excessive force to a given purpose, and t e result of a steady, co tinuous application of exactly the re uisite amount of force to the same end. The mere spirit of physical energy produced by a dram (and which is always succeeded by corresponding depression) never yet benefitted any man or woman suffering from physical decay. A cordial like Hostetter's Bitters at once soothing and invigorating, is the remedial agent we need.
jan 30-eod1w

IMPROVEMENTS IN CHARLOTTE.—The following item we clipped from the Carolina *Times*, several days ago, but mislaid it until now.

Among the many handsome improvements erected in Charlotte, this year, we must make especial mention of the elegant mansion, (Italian Villa,) of John L. Morehead, which is just receiving the finishing touches. It has, throughout, all the modern improvements and conveniences for water, and for warming and lighting.—With the ample grounds surrounding it, and the great beauty and taste of the architecture displayed in the arrangement and finish, with its spacious halls and airy verandahs, it is indeed, as handsome, if not the handsomest place in the State.

Such an establishment is a credit to any place, as well to the taste of the proprietor, as to the skill of the architect who planned, and to the mechanic who executed the work.

WASHINGTON.

WASHINGTON, Jan. 28.—Revenue $510,000.

The Territorial Committee agreed to report a bill abolishing polygamy and the suppression of it by the military, if necessary.

HOUSE.—The Legislative, judicial and appropriation bills was up. Voorhees made a long speech upon the financial question. Butler made another response to Dawes. The latter replied that he did not desire to qualify anything he had said, and was willing to let the country judge.

The claims of Simpson, member from the 4th South Carolina District, was laid aside, he being unable to take the oath.

The Committee on elections reported in the case of claimants from Georgia under elections of April, 1868, declaring them not entitled to seats. The session to-morrow will be for debate only. The bill passed providing for the election of Public Printer by both Houses.

In the Senate the following proceedings occurred. When Mr. Johnston presented himself: Senator Wiley announced the presence of J. W. Johnston, Senator elect from Virginia, stating that his disabilities had been removed and that he desired to take he (Johnston) might be sworn in. Senator Edmunds suggested there might be some further legislation necessary; he had been informed that the disabilities of this gentleman had not been removed, and he had also understood that the disabilities of a Mr. Johnston had been removed, but whether it was this Mr. Johnston he was not certain, and the identity of course ought to be established.

Wiley read from one of the acts removing political disabilities where the name of John W. Johnston of Washington county Virginia, occurred, and this was the gentleman here present.

Sumner said that there would be no objection of course, if this was a fact.

The Senator elect then advanced and the oath was administered. The bill allowing conscientious Virginians to affirm, passed and goes to the President. The bill abolishing the franking privilege was read twice when a Senator moved its immediate consideration. Drake and Vickers objected, and it was referred to the Committee on Post Offices. The bill involves the abolition of the free circulation of papers within counties or parishes of public action.

The Judiciary Committee was instructed to instruct and inquire whether additional legislation was necessary regarding Georgia.

In discussing an appropriation for the poor, Mr. Hamlin said: "And to the credit of the Jews be it said, that while they have contributed liberally, they have supported their own poor."

The currency bill was discussed up to adjournment.

The Pall Mall *Gazette* states that the Alabama claims negotiations have been suspended.

Peabody's funds recently seized by the Crown have been released.

Col Baker with 4 cavalry companies and one infantry, left Fort Shaw, Montana, and captured the Bear Chief's camp, consisting of over thirty lodges, killing men, women and children: eight men only escaped. The Bear Chief was killed, and the balance of the Blackfeet tribe fled to the British possessions. It is understood that Baker's expedition has permission to cross the lines in pursuit.

Six hundred working-men have been discharged from the Navy Yard on account of the exhaustion of the appropriations.

HENRY'S
CARBOLIC
CONSTITUTION RENOVATOR,
OR
BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vital Fluid, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination bus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be ame in ected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN,

It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital." Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say my rash relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $2. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

KIDNEYS, RETENTION OF THE URINE, &c,
And for Female Diseases,

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, such the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3rd. Policies Non-forfeiting after the first payment.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

DE SOTO MUTUAL LIFE INSURANCE

COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES H. LUCAS, President.

CAPITAL STOCK, (PAID UP.) $150.000.00

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to censure on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	12,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times, of New York*, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,267 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
